

2nd Annual Motorcycle Roadrace to Benefit Children's Charities

Press Release by: Kurt von Ahnen – Racing 2 Save Lives

Racing 2 Save Lives is proud to announce partnership with Pikes Peak International Raceway for its 2nd annual multi-day motorcycle roadrace to take place May 11 – 15, 2005. Racing 2 Save Lives was created to raise support and awareness for five children's charities: **The Children's Hospital, Family Pathways of Colorado, Missing Children Task Force, Here's Life Inner City – Denver, and The Make-A-Wish Foundation® of Colorado.**

Donations may be made in the form of pledges based on miles or laps completed by the participants – or through direct contributions to Racing 2 Save Lives. Motorcycle Roadracing has been experiencing steady growth worldwide, and Racing 2 Save Lives is a natural extension combining the thrill and excitement of this sport with a chance to support the community through fundraising. Individuals and companies interested in participating or contributing can do so through the website at www.racing2savelives.org.

For its inaugural effort in 2004, Racing 2 Save Lives enlisted over 180 participants/racers, completed 32,517 miles and generated over \$75,000.00 in donations! Racing 2 Save Lives is excited about its partnership with Pikes Peak International Raceway in 2005! The national recognition sure to surround such a premium race venue will give Racing 2 Save Lives a greater opportunity to generate participation and ultimately raise more support for the charities, and the children they serve. For 2005, they have set a goal of completing 50,000 miles and raising over \$250,000.

The event will begin Wednesday, May 11, 2005 and carry on throughout the Motorcycle Roadracing Association's race weekend... ending on Sunday the 15th of May.

For more information on participation, or to donate... please refer to the Racing 2 Save Lives website at: www.racing2savelives.org.
